Since writing you. I find I must
-bring her away for her health.
-but hope to be back before
your arrival - but thought
I would let you know
in case of any disappoint-
ment. That she might
^{not} be well enough for me
to leave her. If such
should happen my
young folks & B. would do
all they could to make
you comfortable - We
hope to leave in a few
days - Excuse P.C.

Yrs in haste
